

Stay Hooked on Hoci with our brand new virtual sessions!

Schools can now choose to buy pre recorded videos of coached hockey sessions ensuring hockey can still be delivered safely whilst restrictions are still in place and beyond.

The sessions do not require a coach to be present in school as the videos, recorded by **Welsh International Athletes**, allow school teachers to facilitate sessions with the help of resource cards and ongoing support to ensure activity runs smoothly.

Select your plan and get involved with this exciting new addition to the Hooked on Hoci programme! We hope this makes our delivery even more accessible and we would love to see new schools getting involved with our primary school activity!
